

HOT RUSH

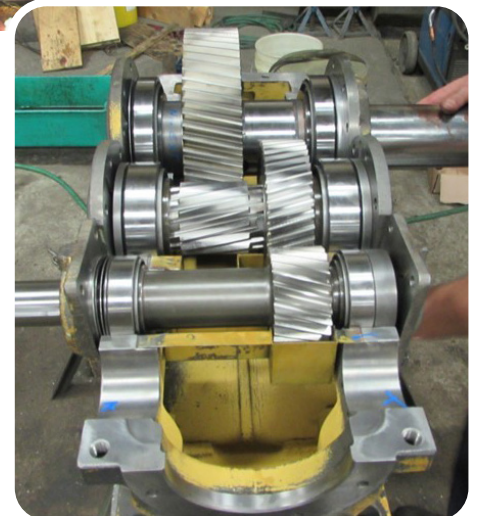

GEARBOX REPAIRS

HERE'S AN EXAMPLE OF WHAT WEIMER CAN DO FOR YOU

- Customer – Large national metal supplier and service center
- Gearbox – Sumitomo parallel shaft unit, 680 lbs
- Situation – Customer's main 60" metal splitter head gearbox needed to be shut down for repair, which would normally take their main line down for several days. Customer could not afford to have reducer off line during the week.
- Weimer Hot Rush Service – our team picked up the gearbox first thing on a Friday morning, had the unit inspected and disassembled by Friday afternoon. Repairs and inspection were completed by Friday evening and the customer was back up and running the next day.
